Dear Ms. Myers,

On behalf of the North Carolina Commission on Volunteerism and Community Service, I thank you for your contributions to the Governor's Medallion Award Ceremony Reception. The Commission and myself are grateful for all the time and exceptional food that your business provided for the reception. Honoring North Carolina's top volunteers would not be possible without the generosity of businesses like Unforgettable Food Affairs.

Thank you again for your support and for being a part of keeping the spirit of volunteerism alive across our State.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert Clark".
